

CARE AND MAINTENANCE

- YOUR NEW LONG HAIR WILL TAKE SOME GETTING USED TO, BUT WITH THE PROPER AFTER-CARE ROUTINE, THE EXTENSIONS WILL BE SOFT, TANGLE FREE AND SHINY UNTIL THEY ARE REMOVED AND RE-APPLIED.

STYLING AND WASHING

- BRUSH DRY HAIR OUT COMPLETELY BEFORE ENTERING THE SHOWER. REMOVE ALL TANGLES.
- WE RECOMMEND SALON STYLE SHAMPOOS AND CONDITIONERS WHEN WASHING. LET THE CONDITIONER SIT AND SOAK INTO YOUR HAIR EXTENSIONS.
- YOU CAN ALSO DO A COOL WATER RINSE (TO SEAL THE CUTICLE AND MAKE YOUR HAIR SHINY).
- HAIR EXTENSIONS DO NOT HAVE THE NATURAL OILS LIKE YOUR OWN HAIR DOES AND DRIES OUT AND THINS FROM BRUSHING OVER TIME. EVEN THE BEST HAIR NEEDS TO BE WELL CARED FOR AND WELL NOURISHED.
- AVOID CONSTANT USE OF HEATED TOOLS, HEAT IS HAIR'S ENEMY. BEAUTY WORKS WILL NOT BE HELD RESPONSIBLE FOR ANY HAIR THAT HAS BEEN HEAT DAMAGED BY THE CUSTOMER.
- ALWAYS USE A PROTECTIVE HEAT SERUM OR SPRAY TO PREVENT HEAT DAMAGE.
- USING SERUMS AND MOROCCAN OILS HELP KEEP THE HAIR SOFT AFTER EVERY WASH.
- USE A DEEP TREATMENT ONCE A MONTH TO KEEP EXTENSIONS SOFT AND SHINY.
- DON'T WASH/STYLE YOUR HAIR WITH PRODUCTS THAT HAVE A HIGH ALCOHOL LEVEL IN THEM, THIS CAN DRY OUT EXTENSIONS.
- USE A GENTLE CLARIFYING SHAMPOO EVERY 2 TO 3 WEEKS TO CLEAR PRODUCT BUILD-UP. WE RECOMMEND SALON STYLE BRANDS.
- AT BEDTIME, BRAID HAIR INTO TWO SIDE BRAIDS TO PREVENT TANGLING AND MATTING AT THE ROOT AREA.

LIFESTYLE

- AVOID SALT WATER - IT IS VERY DRYING AND CAN DISCOLOUR BLONDE HAIR.
- AVOID CHLORINE WATER, ALWAYS TIE YOUR EXTENSIONS UP, ANY CHLORINE WATER CAN BE DAMAGING FOR HAIR EXTENSIONS.
- WEAR A HAT IN THE SUN, BLONDE HAIR CAN BE DISCOLOURED IN THE SUN.
- ANY HAIR EXTENSIONS COLOURED ARE AT THE CLIENTS RISK.
- NOT EVERYONE IS SUITABLE FOR HAIR EXTENSIONS, WE RECOMMEND A PROFESSIONAL CONSULTATION FOR EVERY INDIVIDUAL.
